

### **FROM THE VINE TO THE GLASS**

We produce, vinify, blend or source all our wines with a simple aim : introduce you into the world of grape varieties, blending but overall pleasure. Les Assembleurs is just friends gathering around the idea of refreshing the sometimes posh world of wine.

### **HERE, JUST WINE ON TAP**

Kegs enable us to propose high-quality products while reducing our carbon footprint in addition to allowing us to offer you wines that are « brut de cuve », meaning that they taste as good as if you were tasting them directly from our cellar.

### **UP TO YOU TO BE THE APPRENTICE WINEMAKER**

Our name means « The Blenders ». Blending is a key stage in the creation of many grands crus which consists in bringing together different vats, generally of different grape varieties, to create, like a perfumer, a unique beverage. Now it's your turn to create your blending to your liking !

### **A PLACE TO LIVE AND SHARE**

Les Assembleurs is not only a fantastic wine bar ! Our cuisine is generous and authentic, our beers are carefully selected and we are delighted to be able to share our passion with you.

# HOMEMADE BLENDS
